Opening Slide:

Welcome to this segment of supplier training. The goal of this video is to walk you through the process of activating a product. We will cover two methods on how to activate a product.

(Slide 2) We will start by selecting the "Supplier Products" link. (Slide 3) Select the company name "XXX Labs Incorporated."

(Slide 4)

A list of NDA numbers will appear. For training purposes I will use NDA number "04199."

(Slide 5-A) As you can see the "LUV-02 MM Rng" product is currently active as indicated by the "Y" in the "Active" column.

(Slide 5-B)

To inactivate this product select the "Inactivate" link. The product is now being inactivated.

(Slide 6)

As you can see the "N" in the Active column indicates the product is no longer active.

(Slide 7)

Now let's select the products link and activate this product from within the "Product Detail" page.

(Slide 8)

If you look to the right of the product name you can see that this state is inactive. Since this product is inactive scroll down and select the "Activate" button.

(Slide 9)

This concludes this segment of the supplier training which is activating a product from the product list page or the product details page.
